BUDGET FOR 1936

Chapter 129, Laws of 1927 require the selectmen to make up a budget for the year ensuing. For 1936 poor relief requirements are uncertain, otherwise expenses for 1936 should not vary greatly from previous years unless special appropriations are made. Copies of the budget will be posted with the warrant as by law proscribed.

Valuation, April 1, 1935	\$440,514.00
Estimated Valuation, April 1, 1936	\$440,000.00
Total expense for 1935	18,084.11

TOWN WARRANT

STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Dalton, in the County of Coos, in said State, qualified to vote on Town affairs:

You are hereby notified to meet at the Town Hall in said Dalton on Tuesday, the 10th day of March next, at 10 o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray Town charges for the year ensuing, and make appropriations for same.
3. To raise such sums of money as may be necessary for the maintenance of highways, bridges and breaking roads.
4. To see if the Town will accept State Aid or raise money to accept a special appropriation from the State.
5. To raise amount necessary to pay State and County taxes.
6. To raise amount necessary for the support of the public library.
7. To see how much the Town will vote to pay on the Town debt.
8. To see if the Town will petition the Public Service Commission for an extension of the crossing over the Maine Central R. R. near Charles Elliott's Farm.
9. To transact such other business as may lawfully come before said meeting.

Given under our hands this 8th day of February, 1936

H. W. Blakslee

Thos. F. Smith

F. P. O'Keefe

Selectmen of Dalton.

Census Enumerator
CLAUDE S. MacDONALD
SCHOOL BOARD

John M. Tillotson, chairman	Term expires 1936
Claude S. MacDonald	Term expires 1937
Mrs. Claribel C. Blakslee, Secretary	Term expires 1938
Teachers Training School	
Mabel Cushing, Plymouth Normal	No. 9
Katherine M. Kearns, Plymouth Normal	Union
Margaret J. Colby, Plymouth Normal	No. 1
Dorothy B. O'Neill, Plymouth Normal	No. 1
Mary Horan, Plymouth Normal	Scott's
Mabel E. Pollard	Prin. High

We herewith submit the annual school report. The report includes a detailed statement of expenditures and receipts for the school year closing last June, a written report by the superintendent, and estimates for expenditures and income for the present year and for the next school year. We recommend that the school district raise the sum of \$5,500.00 for the school year beginning next July. This sum will be necessary to maintain our present school organization.

Respectfully submitted.
JOHN M. TILLOTSON
CLARIBEL C. BLAKSLEE
CLAUDE S. MacDONALD

STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town School District in the Town of Dalton, qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said Dalton on the tenth day of March, 1936, at one thirty o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To choose Agents, Auditors, and Committees in relation to any subject embraced in this warrant.
6. To hear the reports of Agents, Auditors, Committees, and Officers heretofore chosen and pass any vote relating thereto.
7. To see if the District will vote to make any alterations in the report of the School Board recommending the amount of money required for the support of schools and the payment of statutory obligations.

Given under our hand at said Dalton this 19th day of February 1936.

JOHN M. TILLOTSON

CLARIBEL C. BLAKSLEE

SUPERINTENDENT'S REPORT

To the School Board of Dalton:

I am pleased to submit the following report relative to the schools of Dalton:

The budget for the present school year, revised by the school board to include necessary transportation and other additional expense, is \$10,584.64. Of this amount, \$7,841.00 has been approved by the State Board of Education for state aid to elementary schools. The total known receipts including state aid of \$4,600.40, and rebate by Plymouth Normal School of \$268.50 for fuel, janitor service, janitors' supplies, health and minor repairs, the annual appropriation of \$5,000.00, and the receipts from tuition, dog licenses, and balance of last year total \$10,170.87. The difference between this revised budget and the known receipts is slightly over \$400.00.

The proposed budget for the next school year is \$11,017.14. After the expected deficit of \$400.00 is added to

this amount the total is 11,417.14. The approved state aid payable in December 1936 is \$5,086.87. Estimates of rebates from Plymouth Normal School, dog licenses and tuition bring the total probable receipts from sources other than taxation to \$5,501.87. The difference between total needs and these estimated receipts is approximately \$5,900.00. An appropriation of \$5,500.00 would seem wise in order that the schools may be maintained at their present efficiency, that the usual minor repairs may be made, and that the school district deficit may not be increased.

A study of the statistics of school attendance show that the enrollment has been quite stable over a period of ten years, that the number of pupils attending high school has been about the same. The maintenance of the high school in Dalton has probably increased the expense for high school pupils. It of course offers privileges for high school attendance to some pupils who would not otherwise be able to attend. The enrollment of Dalton pupils in your own high school this year is 20, with a present membership of 16. The indications are that next year you will have 22 pupils in Dalton High School and 7 in the Whitefield High School, making a high school tuition charge of approximately \$2,000.-

If the present policy of assigning the seventh and eighth grade pupils in the No. 1, Union and Scott's Schools to the high school building is continued, the membership in those grades will probably be 26. The State Board of Education this year has approved for state aid the assignment of these pupils to the high school building.

The total number of Dalton pupils, according to the present membership, in the high school building next year will be 48. Assuming that 5-10 pupils from Gilman will attend, the total membership will be slightly more than 50. If this estimate is not exceeded, the high school building can accommodate the pupils, though the junior high group will be rather large for the rooms available. In an effort to provide equal educational opportunity for all of the pupils in your upper grades, this plan is probably wise. A much larger enrollment however would not be possible in this building. It would necessitate an addition to the building, or a refusal by the normal school to accept pupils from outside of town, or retaining some of the junior high pupils in the elementary school buildings. Probably none of these alternative solutions will be necessary next year.

The membership in the No. 1 school next year, Grades II to VI inclusive, will be 24 or 25. If 4 or 5 pupils enter Grade I the total membership will be 29 or 30. These figures are of

course based on the present school membership. I think the State Board of Education has seldom approved for state aid, two teachers in an elementary school having six grades or less, with an enrollment of less than 30 pupils. If reasonable expectation exists, that the enrollment in this school will be larger the years following the next school year, the state board would probably be willing to grant the approval of two teachers for this one year in which the membership may be low. If the enrollment in this school will probably be less than 30 for all of the years of the immediate future, it would be wise to make the necessary alterations in this building for a one teacher school.

No changes in the staff of teachers have been necessary. All of these young ladies are giving the Dalton pupils the opportunity for good school work. I consider them all very successful in their efforts. A good morale and a good spirit of cooperative endeavor exists in all of the buildings. Achievement tests that were given at the close of the last school year indicated that your pupils have made satisfactory progress. Dalton would be fortunate to retain all of these teachers, or any of them, next year.

Miss Mabel Pollard has proved very successful in the organization and administration of the high school. Last year the discipline was good and the progress made by the pupils was satisfactory. Some new equipment has been added during the past year—more chemical equipment, additional typewriters, and some new pupil desks were also placed in the high school building.

Only minor repairs have been made in most of the elementary buildings during the past year. In No. 9, single desks replaced the old double desks. A new fence has been built around the grounds at Union School. School pupils have done considerable work trying to remove rocks from the school grounds at No. 1, Union and No. 9. The spirit of these pupils in their efforts for improvement is to be commended. I said last year that if these buildings are to be the school homes of your pupils for an indefinite number of years, jacketed stoves, radiating heat uniformly through the rooms, and approved sanitary toilets should be installed. If one school each year could be equipped with proper heating and toilet facilities, your buildings in four or five years would be quite comfortable.

I thank you and the citizens of Dalton for your earnest cooperation in all of my efforts.

Respectfully submitted,

DANA S. JORDAN.

W. O. EMERSON,
Town Clerk.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the transparency and accountability of the organization. This section also outlines the various methods used to collect and analyze data, ensuring that the information is reliable and up-to-date.

2. The second part of the document focuses on the implementation of the proposed changes. It details the steps involved in the transition process, from the initial planning phase to the final execution. This section also addresses the potential challenges that may arise during the implementation and provides strategies to overcome them.

3. The third part of the document discusses the impact of the proposed changes on the organization's overall performance. It highlights the expected benefits, such as increased efficiency and cost savings, and provides a detailed analysis of the potential risks. This section also includes a timeline for the implementation of the changes and a list of the key personnel responsible for each stage of the process.

4. The fourth part of the document provides a summary of the findings and conclusions. It reiterates the importance of the proposed changes and the need for continued monitoring and evaluation. This section also includes a list of recommendations for future research and a final statement of the author's commitment to the success of the organization.
